

## The GOOD NEWS !

Newark will be getting either \$12.5 million per year for 35 years (\$437.5) or a lump sum now of \$210 million from the Port Authority.

## The BAD NEWS !

WITHOUT ANY MAJOR PUBLIC HEARINGS FOR NEWARK RESIDENTS TO SPEAK OUT ABOUT THIS, the Mayor and City Council have decided to use ALL of that money to support building a Hockey Arena downtown.

- \* IF you do not think this is the best way to use this money . . .
- \* IF you think the residents of Newark have the right to be heard about how this money should be used to best improve the quality of life for ALL of Newark . . .

... THEN please sign the petition and make your voice heard !!!

Or better yet, take the petition, sign it yourself, and then get signatures from other people. This will show our objection, and may allow this issue to be put to a vote of the people.

**Note:** *You must be a registered voter to collect signatures, people must be a registered voters to sign the petition.*
